subject internship position urban designer/landscape architect

DE URBANISTEN offer an internship for a urban designer/landscape architect for a period of 6 months.

THE URBANISTEN are driven by the objective of combining a more sustainable world with a better quality of life in our cities. We work on the interplay of design and research to help our clients to develop from visions and strategies to concrete designs for watersensitive cities, the city as ecosystem, liveable infrastructure and sustainable area development.

DE URBANISTEN are looking for a motivated and skilled intern. Your portfolio shows relevant projects in the field urban design and/or landscape architecture. Your visual skills are excellent and you like to work in a team. Preferably you are available for a 6 months period. You can start in the course of August 2018 and will receive a monthly wage. Good command of the English language is required, Dutch command is helpful but not mandatory.

If you are interested please send your motivation, CV and portfolio (pdf) to: jobs@urbanisten.nl .
